

One dish that uses the Skyfish Pacific Bluefin Tuna

Sushi

*What  
is this  
heresy!!?*

*It's grilled  
this time!?*

*And  
there's  
even  
cheese  
on it!*

TL Note: He literally says "Arjkaba", which doesn't have any translation on the internet I simply pieced together "Ar-j" and "Kaba". If you have a better translation, be my guest!

**To Be Continued**
